Description of vehicle damage: Common scratches          Condition: Used          Number: 100066</p> <p>A really nice Caterpillar 335 FL CR that can handle even the most difficult tasks. The excavator is continuously maintained and in perfect service condition. It is a rarely offered machine mounted tiltrotator with grab and EPS sensor. Central lubrication and extra LED lights on boom, plug arm and counterweight. Serviced and reviewed recently. Next service is at 4,500 hours.          The seller has used the machine for rent and generally takes pride in renting out machines in proper service condition and always nicely cleaned.</p>	
	<p>100067</p>	<p>Brand: Hyundai          Model: HL757-9A XTD          Product category: Wheel loader          Production year (yyyy): 2014          Control reading (hours): 6200          Serial number: HHKHLM04EE0000047          Fuel: Diesel          Number of keys: 2          Exterior color: Yellow          Net weight (kg): 15400</p>	<p>20.000 €</p>

accessories: Bucket and forks  
 Bucket JFT from 2017, 8000 liters. Mounting fits Volvo, BM, Liebherr and Hyundai: 3 meters wide, 1.3 meters high  
 Forks: 1.5 meters long, 12.5 cm wide  
 Weight of forks and shovel approx. 2,000 kg.  
 Rear view camera: Yes  
 Air conditioning: Fully automatic air conditioning  
 Lighting: Yes  
 Other options: Central lubrication  
 Large gearbox  
 Long arm  
 Integrated weight system  
 6 cyl. Cummins engine  
 Air seat

Further Information: Tire size: Michelin 750/65 p26 on all 4  
 New bearings in front axle  
 The vehicle is in use until sale so the number of hours may diverge from the stated.

Goal:  
 Transport width: 3.0 meters  
 Transport length: 7.4 meters  
 Transport height: 3.45 meters

Video:

 Inspection certificate: Yes, present  
 Last maintenance dd / mm / yyyy: 8.5.2021 at 6,000 hours  
 Visible damage to the vehicle: No, with the exception of general damage to use. (damage caused by normal use include all damage that can be expected from the car's age, mileage and driving hours) For a detailed overview, you can always see the photo series.  
 Condition: Used  
 Number: 100067

A fantastic Wheel Loader (Gummiged) in very good condition which has been serviced and cared for throughout the years. It is boom-strong and handles even the most demanding tasks.  
 Note that this is the XTD version, which equals a large gearbox and extra long arm.  
 The machine has been running with central lubrication

		<p>from the start and in addition to all the other fine equipment, it also has an integrated weight system.</p>	
	<p>100068</p>	<p>Brand: Takeuchi Levelizer  Model: TB 260 Compact Excavator  Excavator type: Crawler excavator  Production year (yyyy): 2018  Check reading (hours): 583  Serial number: 126003216  Fuel: Diesel  Engine power kW: 32.4  Number of keys: 2  Exterior color: not used  Net weight (kg): 8160  Rear view camera: Yes  Air conditioning: Fully automatic air conditioning  Quick change system: Yes  Lighting: Yes  Heating: Yes  Other options: Dimensions and weight:  Length with arm inside - 6550 mm  Width - 2500 mm  Height - 3000 mm  Weight: 8160 kg.  Further Information: See photos and video for stand and work function - <a href="https://youtu.be/iodNP_0EoW0">https://youtu.be/iodNP_0EoW0</a>   <a href="https://www.takeuchiglobal.com/compact-excavators/tb260-compact-excavator/">https://www.takeuchiglobal.com/compact-excavators/tb260-compact-excavator/</a>  Inspection certificate valid until (dd / mm / yyyy) ::  01.05.2022 - 1000 hours  Last maintenance dd / mm / yyyy: 1.05.2021  Visible damage to the vehicle: No, with the exception of general damage to use. (damage caused by normal use include all damage that can be expected from the car's age, mileage and driving hours) For a detailed overview, you can always see the photo series.  Description of vehicle damage: Only ordinary small traces of wear.  Condition: Used  Number: 100068   Takeuchi TB260 LEVELIZER:</p>	<p>8.400 €</p>

The machine is in exceptionally good condition and the maintenance is top notch. Only driven 583 hours.  
Mounted special chassis (Levelizer 45):  
The construction, with patented principles, makes it possible to drive on side slopes of up to 45 degrees. Without compromising the stability of the machine. The center of gravity of the machine can be shifted to the side so that work on a less stable surface is possible. The ability to absorb side tilts of up to 45 degrees means that the working range of the machine is significantly increased. At the same time, it provides enormous comfort for the Driver that he, with a single press, can straighten the upper part of the machine up to a horizontal position.

Telescopic arm 1000 mm:  
A telescopic arm mounted on a mini excavator makes the machine significantly more efficient. Those who have tried to drive mini excavators know that it is necessary to change position very often to perform a piece of work.  
ENGCON TILTROTATOR: EC206-HYDGR10 ss10 / Microprop. Incl. 2 pcs. MIG2 Joystick with 3 roll / h button function in each hand.

STRAW STOP (safety):  
Allows the machine to be locked so that it e.g. can only rotate 180 degrees instead of the 360 degrees. This can be used for track work to prevent accidents where the machine can turn on the rail piece.

HEIGHT STOP (safety): Prevents the arm from extending longer than 3 meters in height. This is to prevent electric wires from being hit when crossing railway tracks.

Other equipment:  
Rear camera mounted on tailgate  
LED lamps installed on the front, back and sides. Total. 7 pcs. with 9 diodes on each 1980 Lumen  
Walkie Talkie - hands-free operation  
Central lubrication  
Sunshade  
Rain screen  
Air conditioning automatically  
radio and multifunction display  
Immobilizer in key
